THE IDEA

Egyptian Class A, *lived at home.*

مصري درجة A — بيتعاش في البيت

Fresh Valley is for villa and compound households in New Cairo and Sheikh Zayed. People who host, who notice, who want the table to say something before anyone sits down. Every photo, box and post sells that feeling — the produce is how we deliver it.

THE MOMENTS WE SERVE

Five moments, *one table.*

WHAT CHANGED

Seven house rules.

01 **No sizes, anywhere.**
No millimetres, no grams per piece, no calibre — on the site, the catalogue, the packaging and social.

02 **No zoom.**
No magnifier, no lens circles, no cropped close-ups. Every product is shown whole.

03 **Whole produce only.**
Nothing cut, halved, opened or peeled. Ever.

04 **Grade A.**
The grade reads “A” everywhere.

05 **Produce first.**
Social shows whole produce with bold type on a dark / light checkerboard. No people, no place names.

06 **Forest green is the brand.**
Forest boxes with the contour pattern and a big cream logo — no produce pictures on the lid, dividers inside.

07 **English on the design.**
Designs are English only; Arabic lives in the caption.

PACKAGING · THE NEW LOOK

Forest green. *The contour pattern.*

أخضر غامق، باترن الخطوط، ولوجو كبير

Every box is flood-printed forest green with fine contour lines and the big cream logo — no produce pictures on the lid. The box name sits on the side in its own colour. Inside, kraft dividers give every item its own cell.

Boxes, bags, *bands and labels.*

PACKAGING · THE TABLE TRAY-BOX

One die-line. *Three sizes. Five boxes.*

قالب قص واحد — ٣ أحجام — ٥ بوكسات

A corrugated tray with hand-holes and kraft dividers inside. Petite 30 × 20 × 10 cm serves 2–4 · Signature 40 × 30 × 12 cm serves 6–8 · Grand 60 × 40 × 12 cm serves 10–12. The Garden is 18 cm deep so herbs stand upright. Only the name and its colour change from box to box, so one print run covers the whole range.
