OUR A STANDARD

Three checks. No exceptions.

A isn't a slogan — it's a checklist. Every item is picked today, inspected by hand and tasted before it leaves the farm. Anything that misses stays there.

The Fresh Valley promise

Not perfect? Send a photo on WhatsApp within 24 hours — we replace it on your next delivery or refund it. No forms, no questions.

LIFE AT THE TABLE

Not just fruit.
The feeling of a full table.

Friday lunch in the garden, guests at the door, a quiet breakfast on the terrace — we pick, grade and deliver for the moments that matter at home.

Nothing goes in the bin.

The box becomes a tray

The base lifts out with its handles and goes straight to the table.

The tissue becomes a runner

Unfold it down the middle of the table.

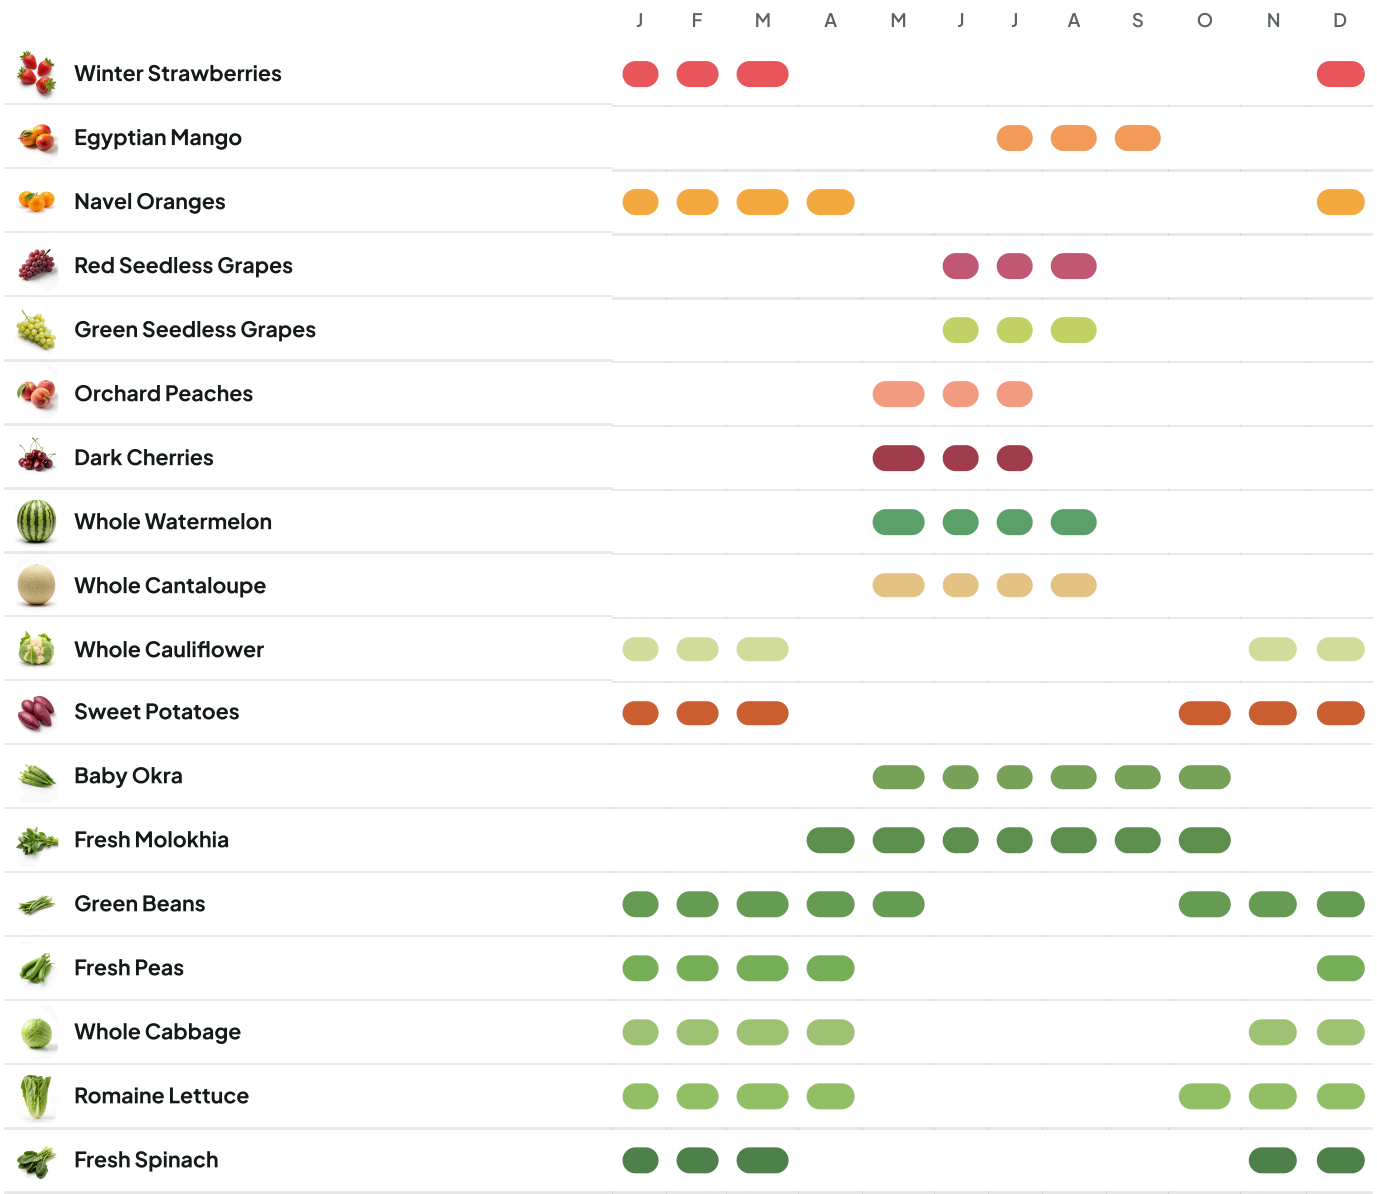

The lid becomes a poster

The Egyptian seasons, printed inside. Cut it out and frame it.

The harvest calendar

Seasonal fruit arrives only when it is truly at its best. Everything else is graded to the same standard all year.
